24 / 48 V DC SYNCHRONOUS SERVO MOTORS

# Industry Solution

24 / 48 V DC SYNCHRONOUS SERVO MOTORS

## FEATURES

- Solutions for battery-powered AC servo motors
- High overload range
- Wide battery voltage range
- High efficiency
- Advanced Networking: EtherCAT, CANopen
- Application areas:
  - Automated guided vehicles,
  - Handling applications,
  - Medical technology,
  - Building and agricultural machinery, ...
